

South African Protea Association

SINGAPORE

Dear fellow South Africans,

Welcome to Singapore!

The South African Protea Association (originally Protea Group) was formed in 1990 and has connected many South Africans and other nationalities living and working in Singapore since. The South African Protea Association is a registered society that offers a network of support and friendship to all members.

As a member of the South African Protea Association you will receive a monthly electronic Newsletter in which all activities, events and functions are listed including some of the events in and around Singapore. You will also receive a quarterly electronic Magazine in which you will find more information about the Association and its members, photos of previous events, as well as events of interest taking place in Singapore.

Our monthly events normally includes:

- A monthly Ladies Morning Event - coffee mornings, lunch, and more at different venues throughout Singapore.
- A Pub Evening/Adult evening Event - held on the 1st Friday of every month unless changed with prior notice. These includes quiz nights or other fun activities
- A Boerewors Braai held two to three times a year where we also have boere sports and gifts for the children on the day

Other events:

- A children and adults year end function
- An annual 7's rugby dinner
- Ad hoc Dinners and Family Days - held at various restaurants and places of interest in Singapore
- Other group events such as cycling, tennis, golf and a social and informal book chat group
- We also have get togethers for some of the rugby matches available to watch in Singapore

Our membership fee is S\$60 per family per year.

The South African Protea Association can be contacted at: proteasg@gmail.com

If you would be interested to read more about our group or view our latest Magazine, Newsletter and photos from previous events, please visit our website:
